FACT AND OPINION ON PROGRESS TOWARD A WORLD OF LAW AND ORDER

September 1, 1966

Mr. George Carver, Jr.

Langley, Virginia

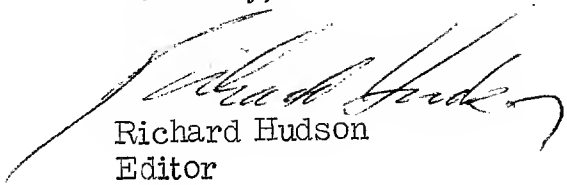

Dear Mr. Carver:

Since I have not heard from you since our conversation in Washington, I assume that you have probably decided not to do either one of the things we talked about in regard to Lacouture. Am I correct?

You may recall that we discussed another idea that perhaps would be more seemly from your standpoint. This was to have a taped discussion of the post-1954 origins of the Vietnam War and their relation to the situation today. I would like to suggest that the tape be made with yourself and Joseph Buttinger, whom you doubtless know by reputation and who is about to have a two volume history of Vietnam published. He has a differing interpretation of the post-1954 events than you. After the discussion, which I would think would take from an hour to an hour and a half, the tape would be transcribed, edited down, and submitted to both of you for any changes that you wish to make. We would then publish the results in an early issue.

I do hope you will be able to do this as I know that you agree that the subject is a most important one and I would hope that this dialogue would contribute to public information in this area.

Sincerely,

Richard Hudson
